Professional Summary

Full Stack Developer with 1+ years experience in React, Angular, Django, and Node.js. Proven track record of delivering scalable web solutions and optimizing system performance. Passionate about building user-friendly applications and solving complex technical challenges.

Professional Experience

Full Stack Developer , Wic Doctor — Nabeul (On-site)	Sep 2025 – Present
- Develop scalable healthcare web apps and responsive interfaces - Build robust backend APIs and optimize database structures - Implement digital medical record features and system improvements Tech: Next.js,HTML5/CSS3,Docker, Node.js, Express.js, MySQL, Git, JavaScript, GitHub	
Full Stack Developer Intern , ArabSoft — Tunisia (Hybrid)	Feb 2025 – May 2025
- Built secure HR platform with JWT authentication and automated PDF generation - Developed workflow systems for leave, training, and loan processes - Created dashboards increasing HR efficiency by 30% Tech: Angular, Node.js, MongoDB, Docker, Tailwind, Jenkins, Azure	
Full Stack Developer Intern , Confledis — France (Remote)	Sep 2024 – Nov 2024
- Developed test data models for API validation and backend integrity - Engineered dynamic UI components with real-time data integration - Enhanced system reliability through rigorous testing methodologies Tech: React, Django, Docker, Ionic, AWS, Python	
Frontend Developer Intern , DIGIKA — Tunisia (On-site)	Jul 2024 – Aug 2024
- Implemented data visualization features using FabricJS framework - Developed shape creation and export functionality - Enhanced user interaction and design processes Tech: FabricJS, HTML5, CSS3, Canvas API, JavaScript	

Technical Skills

Frontend: HTML5, CSS3, JavaScript, React, Angular,Next.js, Bootstrap, Tailwind
Backend: Express.js,Node.js, Django,FastAPI, Spring Boot
Databases: MySQL, MongoDB, SQLite
DevOps & Tools: Docker, Jenkins, Azure, AWS, Git, GitHub, CI/CD

Education

Engineering Degree in Software Engineering , IT Business School	Sep 2025 – Present
Advanced studies in software architecture, cloud computing, and AI	
Bachelor's in Computer Science , Higher Institute of CS Mahdia	2022 – 2025
Software Engineering specialization, graduated with honors	

Certifications & Achievements

- TCF French:** B2 Level (Valid until August 2027)
- AWS:** Serverless Development, Amazon EKS Primer
- IEEE Xtreme:** Ranked 82nd globally (Top 5 Tunisia, 1st university)

Additional Information

- Languages:** English (Professional), French (Professional), Arabic (Native)
- Interests:** Cloud Architecture, Machine Learning, System Design
- Availability:** Immediately available for full-time opportunities
